

# REPTILES AND AMPHIBIANS OF THE SAN JUAN ISLANDS

## CHECKLIST

Red-legged Frog

✓	SPECIES	NATIVE	INTRODUCED
	NORTHERN ALLIGATOR LIZARD		
	NORTHWESTERN GARTER SNAKE **		
	COMMON GARTER SNAKE **		
	WEST. TERRESTRIAL GARTER SNAKE **		
	SHARP-TAILED SNAKE		
	WESTERN PAINTED TURTLE		
	WESTERN POND TURTLE *	???????	
	PACIFIC TREEFROG		
	RED-LEGGED FROG		
	NORTHWESTERN TOAD		
	ROUGH-SKINNED NEWT		
	LONG-TOED SALAMANDER		
	NORTHWESTERN SALAMANDER		
	BULL FROG		

\* Western pond turtle sightings have been reported but not confirmed in San Juan County.

\*\* Species-level names are given for the garter snakes as the taxonomy of subspecies remains problematic.

**COMPILATION BY SUSAN VERNON.** This list was originally published as part of *Wildlife of the San Juan Islands – Checklist* in 1996. Dr. Eugene Kozloff reviewed and contributed to that list. Dr. Thor Hanson was instrumental in updating this material, and I gratefully acknowledge both gentlemen for their contributions. Revised edition, 2009. All rights reserved.
