

Scientific Name	Common Name	Growth Habit	Propagation Method	Dry	Moist	Wet	Sunlight Needs	Soil Needs	Roots	Mature Height
<i>Chamaecyparis nootkatensis</i>	Alaska Yellow Cedar	tree							Shallow	
<i>Acer macrophyllum</i>	Bigleaf Maple	tree	seed	x	x		sun to partial shade	variety, rocky	shallow	100 ft
<i>Crataegus douglasii</i>	Black Hawthorn	shrub	seed	x	x		sun to partial shade	loam, mod deep to deep, well-drained and porous	shallow and diffuse	25ft
<i>Sambucus cerulea</i>	Blue Elderberry	shrub	cuttings, root cuttings, seed	x	x		sun to partial shade	variety	thick taproot with fibrous, spreading, lateral roots	20 ft
<i>Spiraea douglasii</i>	Douglas spirea	shrub	suckers, cuttings			x	sun to shade	wet	extensive fibrous	7 ft
<i>Pseudotsuga menziesii</i>	Douglas-fir	tree	seed	x	x		sun	well drained mineral soil	shallow	180 ft
<i>Ribes aureum</i>	Golden Currant	shrub								
<i>Oemleria cerasiformis</i>	Indian plum	shrub	seed and cuttings	x	x		sun to shade	variety	shallow spreading	15 ft
<i>Abies pocera</i>	Noble Fir	tree								

Scientific Name	Common Name	Growth Habit	Propagation Method	Dry	Moist	Wet	Sunlight Needs	Soil Needs	Roots	Mature Height
<i>Rosa nutkana</i>	Nootka Rose	shrub	cuttings	x	x	x	sun to shade	loam to rocky		8 ft
<i>Mahonia nervosa</i>	Oregon Grape - Low	shrub								
<i>Berberis aquifolium</i>	Oregon grape - Tall	shrub	cuttings, layers	x			sun to partial shade	variety	deep	5 ft
<i>Malus fuscus</i>	Pacific crabapple	shrub			x	x	sun to partial shade	variety		35 ft
<i>Physocarpus capitatus</i>	Pacific ninebark	shrub	cuttings	x	x	x	sun to shade	variety	shallow, lateral	15 ft
<i>Rhododendron macrophyllum</i>	Pacific Rhododendron	shrub								
<i>Ribes sanguineum</i>	Red Flowering Currant	shrub	stem and root cuttings	x	x		sun to partial shade	loam		6 ft
<i>Pinus contorta contorta</i>	Shore Pine	tree	seed	x	x	x	sun	poor sandy soils and peat	variable	65 ft
<i>Acer circinatum</i>	Vine Maple	shrub	seed	x	x	x	sun to partial shade	sandy loams	lateral roots	40 ft
<i>Thuja plicata</i>	Western Red Cedar	tree	seed		x	x	sun to shade	loam	shallow	160 ft

Scientific Name	Common Name	Seeds	Fruit	Browse	Nesting	Cover	Insects
<i>Chamaecyparis nootkatensis</i>	Alaska Yellow Cedar					wildlife	
<i>Acer macrophyllum</i>	Bigleaf Maple	squirrels and birds					
<i>Crataegus douglasii</i>	Black Hawthorn		birds		song birds	wildlife	
<i>Sambucus cerulea</i>	Blue Elderberry		berries eaten by wildlife			wildlife	
<i>Spiraea douglasii</i>	Douglas spirea					birds and small mammals	
<i>Pseudotsuga menziesii</i>	Douglas-fir	rodents and birds		wildlife eats bark	eagle and osprey	large mammals	birds
<i>Ribes aureum</i>	Golden Currant						
<i>Oemleria cerasiformis</i>	Indian plum		many species of wildlife				
<i>Abies procera</i>	Noble Fir						

Scientific Name	Common Name	Seeds	Fruit	Browse	Nesting	Cover	Insects
<i>Rosa nutkana</i>	Nootka Rose		birds and deer				
<i>Mahonia nervosa</i>	Oregon Grape - Low						
<i>Berberis aquifolium</i>	Oregon grape - Tall		birds, deer	deer			
<i>Malus fuscus</i>	Pacific crabapple		birds, deer	deer, rabbit and mice	birds	wildlife	
<i>Physocarpus capitatus</i>	Pacific ninebark			deer		birds and small mammals	
<i>Rhododendron macrophyllum</i>	Pacific Rhododendron						
<i>Ribes sanguineum</i>	Red Flowering Currant		many species of wildlife				
<i>Pinus contorta contorta</i>	Shore Pine	birds and rodents				deer	birds
<i>Acer circinatum</i>	Vine Maple	squirrels and birds		deer			
<i>Thuja plicata</i>	Western Red Cedar	birds		deer, yellow-bellied sap sucker eats sap	wood-peckers	raccoons and skunks den in cavities	yellow-bellied sap sucker
