San Juan County Voluntary Stewardship Program Work Group Meeting Agenda

Tuesday, March 15 2021, 10:30-12 p.m.
Zoom Attendance-login information provided below

1. Introductions

2. Adaptive Management Plan updates

Implementation: ISP progress; GIS analysis underway

Outreach: Outreach letter/BMP survey; search for best platforms to host the survey; outreach ad printed

Monitoring: Field monitoring continues; False Bay Creek water quality; comments on draft Watershed Monitoring Guide

3. Actions items

- **Work Group membership** –environmental rep needed. Please make recommendations by April 1.
- **Approvals** – San Juan County VSP webpage language (see attachment)
- **Priority watershed discussion.** Work Plan priority watersheds described as being based on priority watersheds in the SJC's Salmon Recovery Plan. The 2022 recovery plan update priorities differ from those in the Work Plan. Do we need to revisit priority watersheds, or do we keep what we have?
- **Follow-ups from previous meetings:**
 - Further discussion on new ag and critical areas protection
 - Groundwater resource CARA goal/climate change goals: where to address, and is adaptive management needed for climate change goals and benchmarks? (*should we address this in the next biennial report*)

4. Other updates and next steps

- SJICD will present at the Joint VSP Technical Panel and Statewide Advisory Committee meeting on March 10. The goal of the meeting is to ask questions relating to the next five-year reporting process.
- Please watch the attorney general's [open public meetings act training](#)
